

Not all technicians are created equal.

The AED Foundation's New Certified Technician Program

Benefits of Becoming AED Foundation Certified:

- Show your professional commitment
- Earn recognition for yourself, your dealership and from your peers
- Demonstrate that your skills fully align with The AED Foundation's industry-developed technical standards
- Prove you can complete equipment repairs properly the first time
- Invest in your career

Are you ready to earn your technician certification?

The proof is in your results, to learn more about The AED Foundation and its Certified Technician Program, visit www.aedfoundation.org or call **800-388-0650**
