

[INSERT SCHOOL/PROGRAM LETTERHEAD]

Dear AED Foundation Review Committee,

I am writing to express my strong support for **[School Name and Program]** in their application for the AED Foundation Improvement Fund. As an industry partner and advisory board member, I have seen the program's dedication to providing students with hands-on, career-focused training aligned with the needs of the equipment industry.

The requested funding will directly support the purchase of essential tools and equipment, which are critical to maintaining a high-quality learning environment. Access to up-to-date, industry-relevant resources ensures that students gain practical experience with the same types of tools and technologies they will encounter in the workforce.

Investing in this program is an investment in the future workforce. Enhancing their equipment and training resources will strengthen student skill development and better prepare graduates to enter the industry with confidence and competence.

I fully support **[Instructor Name]** and **[School Name and Program]** in this request and believe the funding will have a meaningful and lasting impact.

Thank you for your consideration.

Sincerely,

[Signature]
